2.1 Accessing the Participant Portal

The Participant Portal is hosted by Neighborly Software and can be accessed using any internet-connected device. The recommended browser is Google Chrome but other modern web browsers (i.e. Microsoft Edge, Firefox, Safari) will also work. Internet Explorer is not supported. The link to the portal is accessed through the Homelessness and Housing Fund website or directly: <https://portal.neighborlysoftware.com/hawaii-countyhi/participant>.

2.2 Registering Your Account

To access the system for the first time, you'll need to create an account by first registering your email address. Select the Register tab and enter your work email address, which will also serve as your username. Select "Send verification code". To verify your email address, the system will send you an email with a verification code.

The screenshot shows the 'Register' tab selected. A message states: 'A verification code has been sent to your inbox. Please copy the code in the Verification code box below and click "Verify Code". If you haven't received a code, check your Junk folder or click "Send new code".' Below this is a text box containing 'learning@neighborlysoftware.com' and another text box labeled 'Verification Code'. A blue button labeled 'Verify code' is positioned below the text boxes. At the bottom, there is a link 'Didn't receive a code? Send new code' and a 'Data Privacy' link.

The screenshot shows the 'Sign In' tab selected. It features two text input fields: 'Email Address' and 'Password'. Below the fields is a blue button labeled 'Sign in'. Underneath the button are two links: 'Forgot your password?' and 'Data Privacy'. A small icon is visible to the right of the email field.

The screenshot shows the 'Register' tab selected. A message states: 'Neighborly Software requires all email addresses be verified prior to account registration. Please provide the email address to be used for Sign In below, and click Send Verification Code to continue.' Below this is a text input field labeled 'Email Address' and a blue button labeled 'Send verification code'. A small icon is visible to the right of the message.

Note: If you do not receive the email within 2 minutes, check your spam or junk mail folders. If the email is in either folder, mark the message as "Not Junk" or "Not Spam" to ensure you receive all future system notifications. Enter the verification code into the text box and click "Verify Code."

If the code is not accepted, you may generate a new code by selecting "Send new code." Another email with a new code will be sent to your inbox.

After verifying your email address, you'll be prompted to create a password. Passwords should be at least 12 characters long and include at least one UPPERCASE letter, lowercase letter, a number, and a special character.

After creating your password, the system will redirect you to the participant dashboard. If you do not receive the system email within 2 minutes, check your spam or bulk mail folder.

If it appears there, right-click on the email and select "Not Junk" or "Not Spam" to ensure you receive future system notifications.

2.3 Logging In

Once your account has been registered, you may login by entering the email address and password used during registration.

2.4 Forgot Your Password

If you forget your password, select the link "Forgot your Password?" and follow the prompts to create a new password.

Enter the email address that was used to register your account. Then select "Send Verification Code".

Within a few seconds, the system will send you an email containing a 6-digit code. Enter the code into the text field and select "Verify Code".

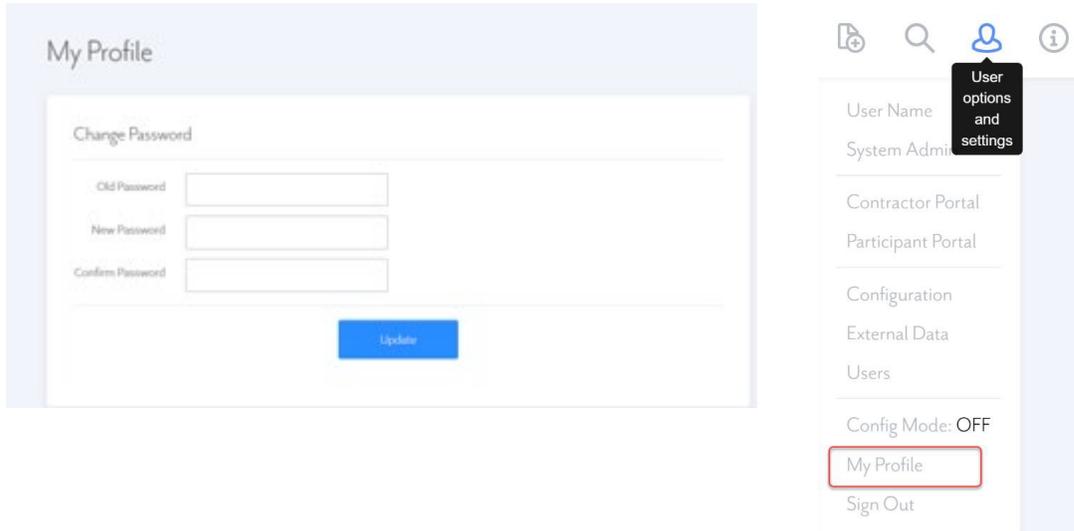

The screenshot shows a web interface with two tabs: "Sign In" (active) and "Register". Below the tabs are two input fields: "Email Address" and "Password". To the right of the "Email Address" field is a small icon. Below the "Password" field is a blue button labeled "Sign in". Below the "Sign in" button is a red-bordered link labeled "Forgot your password?". Below the "Forgot your password?" link is a blue link labeled "Data Privacy". A red arrow points to the "Forgot your password?" link.

If after 2 minutes you have not received a code, you may repeat these steps to generate another code.

Be sure to check your spam and junk folders before requesting a new code. Sometimes users do not receive the code due to a simple typo when entering their email address. Verify that the email entered is indeed correct.
